

Technical data

Wolf PhoneStrip Tape

Wolf PhoneStrip Tape

- Adhesive tape for PhoneStrip with very high adhesive strength
- Rigid PVC film, coated on one side with an adhesive-stable, cross-linked natural rubber adhesive

Intended use:

For sealing the cut edges when splitting the PhoneStrip decoupling strips.

Technical data:	
Carrier	Rigid PVC film
Beam thickness	0,033 mm
Total thickness	0,052 mm
Adhesive base	Natural rubber adhesive
Adhesive strength	≥ 1,4 N/cm ≥ 3,5 N/25 mm
Reißkraft	≥ 36 N/cm ≥ 90 N/25 mm
Elongation at break	30% to 80%
Temperature resistance	-30 °C to +70 °C
UV resistance	limited
Weather resistance	limited
Processing temperature	recommended > +5 °C
Storage stability at 18 °C and 55% RH	12 months

Storage:

Store in a dry place at +5 °C to +25 °C and protected from UV light.
